JUDGE R. G. WILLIAMS CONTRIBUTES TO PIKES.

Covington, Ky.,
Oct. 18 1909.
Mr. E. S. Albright,
Mt. Vernon, Ky.,

Dear Edgar:—
I hereby authorize, direct and empower you, as my true and lawful agent, to sign my name to the petition containing subscriptions for the construction of a pike from Mt. Vernon to Bromo, for the sum of \$50.00, which amount I gladly subscribe to the most laudible enterprise. Although away the keenest interest abideth with me for the welfare and success of all the people of dear old Rockcastle. My only regret is that just at this time I cannot make it much larger. For the benefit sought to be accomplished by this much needed improvement richly deserves a much larger contribution. But I am sure with the hearty co-operation of the merchants, farmers professional and business men generally, that the necessary amount will be raised. Every one should work for it, talk for it, speak for it and subscribe something, however small, to it. Build the pike by all means and the committee in charge of the funds should not rest a minute until the amount is promised.

Very truly yours,
R. G. WILLIAMS.

LIVINGSTON

Miss Myrtle Poynter is very sick of pneumonia fever. —Mrs. R. J. Lemons has returned from Louisville. —O. R. Foley has resigned as wireman and has gone to brakeing. —S. E. Pennington has finished his part of the concrete walk and now we jump on some one else. Good boy, Sam. —G. D. Sambrook, who purchased the Smith Kelly house and lot is having a concrete sidewalk put down in front of his house.

Born to the wife of T. M. Dees on the 17th a fine boy. —P. M. Dees and wife made a trip to Jackson Sunday to see William Bryant who was supposed to be dying, but a later report says he is better. —W. H. Burton who has been very sick, is able to go on duty again. We missed him sadly while he was sick. He has always stood ready to execute all writs and make all arrests, and we will say there was never an officer that tried harder to do his full duty and when he goes after a man he most always lands him. Well, well, eleven more days to the election, and some one is going to get beat. Just at present it is at the boiling point and is getting as hot as the noon-day sun in August. We wish all voters would stop and consider before they cast their vote and vote for the ones that would serve us best, for with the officers rests the destiny of the town for the next four years, and we should try to make wise choices. We wish to compliment Judge Sambrook for the manner in which he has handled the office in being fearless, and believe did his best in dealing out justice.

Charley Henson and D. C. Alcorn are taking up logs on the Kentucky river this week. —Lon Chewing has accepted a job as depot agent on the C. V. Branch of the L. & N. —Miss Linnie Banks stopped here Sunday en route to Louisville to attend college. —J. W. Baker is in Louisville this week buying goods. —P. D. Colyer was in town Tuesday with his samples. —Mrs. H. L. Delph is slowly improving. —H. C. Conley tie inspector for Aaron & Lord Tire Co., is with us this week. There is some attraction here for him. Isn't that so, Miss —W. H. Burton was in Mt. Vernon Monday on business. —A little child of John Wolfe is very sick at present. —We are informed that Uncle David Williams is a candidate for County Clerk. Here is to you Uncle Dave; we truly hope you will land the plum. He is a gentleman and has held the office before. Now boys lets honor him by electing him and we never will regret it or think that we have made least mistake. So roll up your sleeves and let's put him back in office where he was years ago. —T. J. Pennington is having a well drilled on his new place. —The pay car passed through to-day and made several happy. —James Poynter will get married Thursday but we have not been able to learn the name of his intended yet. —H. L. Delph is building a new barn on his place. —Mrs. D. C. Alcorn who has been very sick for some time, improves slowly. —W. E. Graves was in Mt. Vernon Monday. —Boston Durham of Middleboro is with us this week. —Theo Graves has moved over the river into one of the Coal Company's houses. —Judge Bethurman, Felix Bowman and Tip Langford were in town Tuesday shaking hands with the voters and telling them of a great day coming Nov. 2nd. We are personally acquainted with a part of them and think a great deal of them; but you see there are other pebles on the beach this time, and we would be glad to have a change. So boys let's get a move on us, it is just a few days to work. Let's roll up our sleeves and work until six o'clock November 2nd. —T. J. Nicoley was in our town Tuesday collecting tax. —Will Renner the Assessor, is in town this week listing our belongings. —You may talk about the oil trust and the steel trust. We have something that may someday be just as bad. There is in this town known as the Larkin Club, something that is to be dreaded. The local merchant pays his town county and state tax and not a cent tribute does the Larkin concern pay. There is something rotten in Denmark and it is high time that

something was done. There are the houses of Sears & Roebuck, John M. Smith and a score of others. It is high time the merchants were doing something to their own interests. Lets wake up and work for our own interest and the financial interest of our town.

P. H. SHUTTS ON PIKES.

Not much doing at pike building at Bromo now, too busy sowing wheat but will be at leisure before long to take a few days more in seeing what can be done toward raising the \$2500 along the proposed route. At the start I offered the \$1000 if a pike road would be built from Mt. Vernon to my residence not thinking that I would be asked to do more but will put in two or three days riding with the subscription list. But it makes me feel like I am a fool to offer what I have if \$1500 can't be raised along the six miles of proposed piece of pike. But the people have gotten the wrong idea about the pike being built unless they help some. Nearly every man I talk to say it is sure to be built and some almost say they will get it anyway so what is the use of them paying to get it. They are very badly mistaken, if they don't help the proposition will be dropped and none will get it. I am willing to try a little longer and should we succeed I think the roads should be built through my farm instead of stopping at the house to compensate me for the extra time that I am having to take in getting people interested. On Saturday October the 30 at 1 o'clock p. m. I will have a good road meeting at Spiro, asking everyone interested on the Freedom route or the one running south of Mareburg to meet me there and have your minds made up how much money or labor you will give on either route as I will take two separate subscriptions.

Now it is up to you people whether the road is ever built or not. I invite every body interested in said road from the Pulaski line to and including the people of Mt. Vernon to be with us on that day and I will take pains in pointing out the land over which the pike is to run. Every one come as you possibly can land a good subscription that I can't.

Trusting I will have a good crowd I am, yours truly,
P. H. SHUTTS

Dr. J. W. FULLER, Scientific Optician, 208 North Main St., Los Angeles, Cal., writes:

"I was troubled with catarrh of the head for many years. It affected my sense of smell, hearing and sight.

"I spent lots of money with doctors and the use of local applications to relieve me, but to no purpose until my attention was called to the wonderful effects of Peruna.

"I must say that I met with most surprising and satisfactory results. Peruna took hold of the complaint and drove it entirely out of my system.

"Although well along toward the allotted span of man's life, I am as pleased as a child over the results, and feel like a young man again."

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery —the Great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

TO THE VOTERS OF ROCKCASTLE COUNTY:

My father, D. N. Williams, is a candidate for County Court Clerk. I was born and reared among you, as was he. For four years he served the people of Rockcastle in this same capacity and served them well. He has had the experience and is capable by reason of his training and his natural adaptation to that office. He naturally loves and is fitted for that kind of an office. Safely and neatly did he keep the records for the people. Promptly did he make his reports as such officer; promptly did he remit that which was due the state and frequently was he complimented by the officials for his diligence and efficiency as County Clerk. There is no politics in such an office. Experience teaches us that in county affairs the highest interest of all the people is safe guarded best by the voters paying no attention to political affiliations, but by having officers of different political faith.

I urge upon my friends in Rockcastle, irrespective of party, to bestir themselves in his behalf and assist him in his election. A vote for him, I would appreciate as much as if it were cast directly for me.

Thanking you all in advance for any assistance and with the best wishes for all the people of Rock-

castle, I am,

Most truly yours,
M. C. WILLIAMS.

HAPPY AT SEVENTY.

Rear Admiral Schley, who has just celebrated his 70th birthday, is well, feels young and is happy. "There is sunshine without and within," he said, touching his breast. "I am not as good, of course, in some respects," he went on, "as I was at 25, but in others perhaps I am a whole lot better." It is a pleasant picture which he presents for expecting happy youth, there is no more attractive thing in life than happy and contented age. The joy of the young is an instinctive thing, the thoughtless delight in the world around which to them is made anew for them to conquer; it is sheer physical pleasure in living. When the old are glad and still have a zest of life, it means that they have passed the trial and tribulation from which no one is exempt, and have risen above depressing influences; it means that they have been taught wisdom by discipline and experience, and have been taught wisdom by discipline and experience, and have learned to look on existence with a cheerful philosophy; it means that they have found much in life besides care and anxiety and that it is worth living to the end.

The cheerfulness of old age if a demonstration of faith, conscious or not, in a higher wisdom, a proof of sweetness of soul and of bygone years well spent. To be happy at 70 and glad to be alive, is to be an inspiration and delight to the middle-aged who bear the burdens and have not yet learned that "the best is yet to be," and that a peaceful age is the crown of life.—Indianapolis Star.

A demurrer to the indictments against Governor Haskell and three others in the Muskogee town lot cases was filed by the defence in the Federal Court at Ardmore, Okla., Saturday following the action of the court in overruling a motion by the defense to quash.

Attorney General Breckinridge has concluded that the purchase of the Louisville and Nashville is not a violation of the law prohibiting the acquiring of a competing line. He will hold up his decision, however, until the objections of Richmond are given another hearing.

Jack Johnson, the negro pugilist, retained the world's heavyweight championship Saturday by knocking out Stanley Ketchel in the twelfth round at Colma, Cal. The fight was hot from start to finish and the negro was badly punished before disposing of his lighter opponent. The receipts were over \$40,000.

At Covington United States Judge Cochran granted the motion for a new trial in the alleged "night rider" case of W. S. Henderson formerly of Bracken county, but now of Cincinnati, against Vachel Jordan and others on the ground that the award of \$300 damages was too small. Henderson sued for \$50,000 damages.

Willie Boy, the Piute Indian desperado for whom three armed posses have been searching the San Bernardino desert in California was found dead in California, was found dead Saturday on the summit of Bullion Mountain, where he has been making his final stand. He had killed himself with the last shot in his rifle and has been dead several days.

Pittsburg won the world's baseball championship Saturday by overwhelming Detroit by the score of 8 to 0 in the seventh and decisive game of one of the hardest world's series ever fought. This was the third successive time Detroit has been defeated in the world's championship series, and consequently the third straight victory for the National League, the Chicago Nationals having won the title in 1907 and 1908. To Charles Adams, a former Louisville pitcher, belongs the major portion of the credit for winning the series.

Two long established precedents were broken Saturday when Presidents Taft and Diaz met at El Paso, Tex., and Juarez, Mexico. For the first time in the history of the United States a President set foot upon the territory of another nation and for the first time the ruler of another nation set foot on the soil of the United States. The meeting was marked by the exchange of expressions of mutual regard and both executives spoke of the occasion as being typical of the bonds uniting the sister republics. The one incident marking the day was the killing of one schoolboy by another in a fight resulting from their efforts to approach nearer President Taft.

Speaking of the Divorce Evil

Trying to succeed in business without advertising is like the case of the man who, trying to cut expenses, divorced his wife and alone attempted to keep house and raise his children. It cost him more money for doctor bills and funeral expenses in a year than he gave his wife in a lifetime.

When advertising is divorced, business success becomes failure.

This paper is building your neighbor's business. He has reasons. He tried advertising and it helped him. It is not an experiment—this paper brings results. Good, hard, convincing results—**dollars.**

J. P. E. Drummond, dispatcher at Livingston, was a pleasant and welcome visitor to our town Wednesday. "Pete" as he is familiarly called is one of the most proficient men in the service of the L. & N. and one of the most perfect gentlemen. He has the agency for all the leading magazines and periodicals published, and his leisure hours are spent getting subscription, which numbered several hundred last year and he hopes to double the number this year. If you want a good magazine write or see Pete he can save you money.

The railroad company is making some very decided improvements in Mt. Vernon and will more than likely make others, by giving us a nice park where the old section house now stands. Many requests have been made of the company to do this, by individuals and also by the Board of Trustees. It is right that the railroad company should do this for the town, but on the other hand before we ask too much of the railroad company, our town board should look after and correct some of the things which are and have been no little annoyance to the company. It is not right for the company to have to keep a man after every rain cleaning the crossings of what has washed off the streets. Give the railroad company the protection they are entitled to have and then there will be more of an incentive on their part to grant the requests of the town.

Mr. D. N. Williams the recent entry in the fight for County Clerk is making a stirring house to house campaign and having lost none of his tact as a campaigner and vote getter, is making lively the closing days of the campaign. Mr. Williams says he feels sure that if all the democrats will turn out election day, with the support insured him by the independent republicans victory will crown his efforts. Mr. Williams by nature and practice, is adapted to office work, and as a clerk, the county has never had a better one, than he proved himself to be during his incumbency years ago. He is a splendid scribe and fully understands every part of the business connected with the office. Having entered the race so late, he says, it will be impossible to canvass the whole county, but he expects to go day and night and cover as much as possible against election day.

BROWN MEMORIAL SCHOOL

Brown Memorial School will reopen next Monday Oct. 25th. It seems reasonably certain that the epidemic is over, no new cases of scarlet fever having been reported for two weeks. There have been varying reports concerning scarlet fever at Langdon Dormitory. There has been but one case, Miss Cora Cope, of Livingston, and she under the efficient care of Mrs. Kitty Smith has made excellent recovery, but is still in quarantine. As three weeks have passed it is not likely there will be any other cases. The utmost precautions have been taken to prevent the spread of the disease.

Miss Helen Keys, who has been visiting her home in Cincinnati while Brown Memorial School has been closed, is expected tonight ready to begin work on Monday.

TO THE DEMOCRATS OF ROCKCASTLE COUNTY, Gentlemen:—The election is near at hand. The time grows shorter and shorter, yet a great deal may be done in a short time if proper energy is shown. The independent vote is with us this year and is giving our opponents great uneasiness. Let each of us go to work and get out the full party vote which is larger than many of you think. As many Democrats have become discouraged and have quit going to the elections, stop mud slinging and put in some old fashioned sledge hammer licks and you will be surprised when the vote is counted. The Independents agreed to stand by us if we would put out a ticket and nobly are they doing it. It takes money to run a campaign therefore if anyone wants to help us send it to A. B. Furnish, Treas., or to J. W. Brown, Campaign Chairman, and it will be spent to the best advantage.

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statues made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you are convenient to the store, buy the regular size packages; if not near the store buy the large size family package.

That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

Sold by CHAS. C. DAVIS

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them; and a trial box of these Pills will be sent free by return mail postpaid.

CRIMINAL PARDONED.

After serving seven years in the penitentiary for stealing some milk and butter from a spring house, Sam Hawkins walked out of the penitentiary a free man, the Governor having granted him a full and free pardon. The Governor believed that Hawkins had served long enough for so trivial an offense even though he was convicted under the habitual criminal act. When it was shown to the Governor that Hawkins, who is from Boyle county, had been convicted and given a life sentence for stealing only some milk and butter, the Governor decided that the punishment was too severe so he is giving Hawkins another chance.

Hawkins is a good hand on a farm and is especially famous as a hemp breaker. He has a mania for stealing chickens and when the Legislature passed an act making chicken stealing a felony Hawkins was in bad, decidedly. He could not break himself of the habit of taking other men's chickens so he made two trips to the penitentiary. After his release after serving his second sentence, he was at work on the farm of C. P. Cecil. He quit work one afternoon and on the way home passed a spring house with a lock on the door. Hawkins broke the lock and took some milk and butter from the springhouse. He was convicted under the habitual criminal act and sentenced to prison for life.

Gov. Wilson today was put in the unique position of offering a reward for the arrest of a man to whom he had only issued a pardon. He offered a reward of \$200 for the arrest of Paris Shotwell, who is wanted in Whitley county for the murder of a deputy sheriff. Shotwell was serving a life sentence in the penitentiary when he was pardoned by the Governor. This was only a few weeks ago. Shotwell went back home and in a short time had killed another man. —Frankfort News.

IN MEMORY.

OF VIRA C. ANDERKIN BORN NOV. 24, 1878, DIED OCT. 12, 1909.

On the evening of Oct. 12th, Mrs. Vira C. Anderkin, nee DeBard passed from this world to the great beyond, at her home near Level Green. Thus came to a close the life of a much admired and beloved woman. She was converted and joined the Baptist church at the age of 21 and was a member of that church until God called her to her home beyond the skies. She began teaching school at the age of 18 and had taught in the public schools most every fall since. She was one of Rockcastle's best teachers, and her kind and gentle manners, won the love of all who knew her. She closed her last term of school, Dec. 24, 1908, and on that same day was united in holy bonds of matrimony to Mr. Fayette Anderkin, a man with gentle and refined manners, and one who was as kind and affectionate husband as Vira was a wife. Their union was a happy one, and on the 24 of Sept. a sweet little girl, Carlette, came to bless their home and complete their happiness but God in his wisdom saw best to take this young and affectionate wife and mother from this world of sin and sorrow. Her suffering in her last days was borne patiently without a murmur, and the sweet smile that played over her face, just as the death angel folded her in his arms, showed that all was well with her.

A dear young husband and sweet little baby, an aged mother and two sisters with many other dear relatives, and a host of friends are left to mourn our loss, but we know our loss is her gain, for she is now safe in the arms of Jesus, waiting for her loved ones.

Her body was laid to rest at Old Mt. Pleasant.

Dearest sister thou hast left us, And thy loss we deeply feel; But 'tis God that has bereft us He can all our sorrows heal.

Though awhile from us you are severed, Called from earthly hopes and fears,

To enjoy the bliss of heaven — Where they wipe away all tears.

Yet again we hope to meet thee When the day of life has fled, When in heaven with joy to greet thee

Where no farewell tears are shed.

[Alice.]

DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The following letter from the Chief of the Bureau of Soil Surveys addressed to Hon. Harvey Helm, will be of interest to the citizens of Rockcastle:

Washington D. C.

Oct. 2, 1909.

Hon. Harvey Helm, Stanford, Kentucky,

Sir:

In connection with the soil survey of Rockcastle county, Kentucky, which you have requested should be taken up, I am pleased to be able to say that I have made arrangements for the survey of this county during the present fall, and that Mr. Frank Bennett, of this Bureau, will proceed to Rockcastle county about the middle of this month to begin the work on Rockcastle county. At a slightly later date he will be joined by additional field men from this bureau, and I hope by placing a large party in the county we shall be able to complete the soil survey of Rockcastle county before cold weather of winter requires the suspension of field work in that latitude. It is probable that the soil survey can be completed, so far as the field work is concerned, by December 1, 1909. It will then take some little time to prepare the report and map by the Public Printer and secure publication.

I have the honor to be,

Very truly,
